10 YEAR WARRANTY

Australian Made Rubber agrees at its option to replace or repair, but without installation, any solar collector manufactured by Australian Made Rubber which fails due to U.V degradation within a period of 10 years from the date of purchase, subject to the following conditions:

1. The owner must notify Australian Made Rubber in writing of the date such failure occurred.
2. All transportation charges in connection with the return, replacement or repair of solar collector shall be paid for by the owner.
3. If solar collector requires replacement due to U.V degradation, it shall be replaced on a pro rata basis of 10% of the current retail price for each year the solar collector has been in place.
4. Proof of date of purchase is required when lodging claim.

5. CORROSIVE WATER VOIDS WARRANTY

For your health and protection of your pool it is essential that your water be chemically balanced.

<u>Recommended maintenance levels</u>	<u>Fiberglass pools</u>	<u>Fiberglass Spas</u>	<u>other pool/spa types</u>
Water temp (deg c)	20 - 31	32 - 40	20 - 40
PH	7.3 - 7.4	7.3 - 7.4	7.6 - 7.8
Total alkalinity (ppm)	120 - 150	120 - 150	150 - 200
Calcium hardness (ppm)	200 - 300	150 - 200	80 - 100
Salt	6000 max	6000 max	6000 max
Free chlorine*	2 to 3	2 to 3	2 to 3

*Free chlorine must not exceed 3 ppm. Automatic chemical dosing devices and salt chlorinators are usually more efficient in heated water and can result in the production of excessive chlorine levels: unless using an RH controller which will accurately control chlorine levels, damage can result with your heater – such chlorine burn is not covered under this warranty.

6. If you are intending on covering your swimming pool and using an automatic chemical dosing device it is essential that an RH controller is fitted, please contact your pool builder or Australian Made Rubber for further information and guidance for maintaining an indoor pool. Failure to have these instructions in writing will result in warranty being void in the event of damage due to chlorine excesses.
